RE: Icontrol Networks, Inc. v. Zonoff, Inc., Case Nos. 14-cv-1199 and 15-cv-1109

Your Honor:

Pursuant to your January 6, 2017 request, I submit the following letter on behalf of my client Plaintiff Icontrol Networks, Inc. ("Icontrol") and Defendant Zonoff, Inc. ("Zonoff") regarding the status of the above-captioned litigations.

Icontrol is currently in the process of being acquired by Comcast and Alarm.com. As part of the acquisition, Alarm.com is purchasing certain of Icontrol's assets, including patents and related legal claims, and specifically the patents-in-suit.

Recently, [redacted]. In light of this, the parties to the deal are moving to close quickly, by [redacted]. Thus, as of [redacted], Icontrol will be divested of ownership of the patents-in-suit.

In light of these expected changes in patent ownership, Icontrol informed Judge Thynge that settling this case would not be prudent at this juncture. This is because any settlement may impact the substantive rights of Alarm.com, which has not yet been involved in the litigation. After conferring with the parties, Judge Thynge agreed to postpone the mediation to April 2017. Consequently, the above-captioned litigations have not settled. No date for that mediation has been set.

Following Icontrol's divestiture of the patents-in-suit, new patent owner, Alarm.com, plans to substitute in as Plaintiff for Icontrol. Zonoff has indicated its willingness to stipulate to this substitution and the parties are currently negotiating the form of a consent order.

In view of the foregoing the Parties suggest suspending all current dates on the calendar until the Parties can report back on mediation efforts.

Morris James LLP

Respectfully,

/s/ Mary B. Matterer
